

October 2-6, 2017

Room 208

class news

What's Happening in...

Literacy – We continued to back up our thinking using evidence from the (really hard) text. We worked on writing responses using cross-text answers and two-part responses.

Math – We continue to develop and strengthen our number sense and focusing on rounding to the nearest 10 and 100, adding, and subtracting.

Social Studies – We topped off our government studies with a trip to our State Capital. It was awesome. We even got to hear from representative Jim Davnie!

Science – We took a long walk to the river, enjoyed the beautiful weather, and collected leaves. With our leaves, we created art, looked at the vein patterns, and did a jigsaw reading about why some leaves turn red, yellow, or brown.

Notes:

- Scholastic orders forms were sent home. If you want to order online, please use class code GNLCB.
- No spelling this week. No homework this week. It's a short week! We will return to our regular routine when we return from MEA break.
