What's Happening in...

Literacy – We built knowledge about government and integrated the concepts we studied last week. WE worked on main idea/ key details, supporting our answers using evidence from the text, and annotated an article.

Math – We are developing number sense and focusing on rounding, adding, and subtracting.

Social Studies – We are getting introduced to the three branches of government. We also had a special lesson about the phases of the moon presented by our student teacher, Ms. Rachel.
