What's Happening in...

Literacy – We completed a close read on two articles involving government. We read them, annotated them, found cause/effect relationships and main idea/key details, and compared them with each other. We also wrote personal letters and studied words with short vowel sounds.

Math – Students finished up graphing units and worked on developing number sense through manipulatives and games.

Social Studies – We created our own map keys and maps of Roxaboxen, our story from last week. We identified our city, state, country, and continent.
